Mrs. Qiu Lixin
Mayor of Huanggang
Municipal People's Government
P. R. CHINA

Respected Mrs. Qiu Lixin

As a Mayor of twin city I follow with great concern the course of events that are taking place in Huanggang, Wuhan and the entire Hubei province in connection with the spread of the new virus. In those very difficult moments I'd like to support my friends - Huanggang authorities. I believe that You are doing your best to remedy the situation.

Nowadays, the name Huanggang has been spoken many times through all Polish media, that's why our residents, who know that we are friendly cities, give us their words of support, asking me to pass words of support to friends in China.

I know how difficult and dangerous task You are facing now, but I have a strong belief that you will manage the situation well, although I realize that it will take a lot of time and will certainly hinder your various plans and intentions. The situation is also difficult regarding the celebration of the 10th anniversary of our cooperation. Celebrations of this occasion have to be postponed, but this is not the most important now.

The most important thing is to make Huanggang residents feel safe as soon as possible. Certainly all the efforts of the city authorities and also all of officers in China, in cooperation with the international services, will focus on developing a solution for this threat.

Once again please accept the word of support from me and the whole community of Piaseczno. We send you wishes a lot of strength to fight with the virus. Greetings to all residents.
